### To add a course request:

- ☐ Click **+Add** to add a course request for the student. A blank row is added to the grid.
- ☐ Or, click **+Add 10** to add ten blank rows to the grid.

<b>Course</b>	Click  to <a href="#">select the course</a> . The course title is displayed in the <b>Title</b> field.
<b>Section</b>	Select the section of the course.
<b>Sem</b>	Select the semester for the course-section. The field is required if you selected a section, the field is required.

**IMPORTANT:** The **Status** field initially displays “Requested.” Once the student has a course, section, and semester the **Status** field is updated to display “Assigned.”

<b>Num Sem</b>	The number of semesters of the course requested and the number of semesters the course is actually taught are displayed. For example, if a course has semester code 3 (i.e., taught semesters 1 and 2), and the student requested semester 1 of the course, the field displays 1/2 (the student requested one semester of a two-semester course).
<b>Prd Cntrl</b>	Period Control for a course is the number of class periods per day the course meets multiplied by the number of semesters taken. If the student is not taking all of the semesters the course is taught, the period control from <a href="#">Maintenance &gt; Master Schedule &gt; District &gt; Courses</a> is recalculated according to the number of semesters the student is taking of the number of semesters the course is taught.
<b>1st-3rd Alternate Course</b>	Click  to <a href="#">select up to three alternate courses</a> . The course title is displayed in the <b>Title</b> field.  A student can select up to three alternate courses per course request in the ASCENDER StudentPortal Student Course Requests system. Alternate course requests submitted through ASCENDER StudentPortal are immediately visible in ASCENDER, and vice versa.  The counselor or scheduling administrator can delete, change, or add up to three alternate courses per course request in ASCENDER.  A student cannot edit alternate courses assigned by a counselor or scheduling administrator.  The scheduling load attempts to substitute alternate courses based on the field order (i.e., 1st, 2nd, and 3rd) in which they are entered. <b>NOTE:</b> A proxy cannot be used as an alternate.
<b>Grad Plan Use Cd</b>	Select the subject area to which the course should be applied on a graduation plan, if other than the course's service ID type. The field is automatically populated when a student's graduation plan courses are moved to course requests but it can be modified.
<b>Sem# Prd Cntrl</b>	The portion of the period control in each semester is displayed.  <b>Example:</b> If a two-semester course is taught period 02-02 (i.e., it is a one-period course), the period control is 02, and the course has one period each semester. One period is taught semester 1 ( <b>Sem1 Prd Cntrl</b> field is 01), and one period is taught semester 2 ( <b>Sem2 Prd Cntrl</b> is 01). The <b>Sem1 Prd Cntrl</b> field + the <b>Sem2 Prd Cntrl</b> field = the <b>Prd Cntrl</b> field.
<b>Requested by</b>	The field indicates if the course was requested by the student's graduation plan or by the student using the ASCENDER StudentPortal Student Course Requests system.

☐ Click **Save**.
