# ASCENDER Grade Reporting - Update the Current Year Master Schedule

This guide covers the steps for updating the master schedule in the current year. Changes to the current year master schedule may be necessary if a course or course-section is added or removed during the course of the school year, such as at the beginning of the second semester.

## Prerequisites

This guide assumes you are familiar with the basic features of the ASCENDER Student system and have reviewed the ASCENDER Student Overview guide.

## Checklist Overview

- Confirm that the new course exists in the district master schedule. Add if necessary.
- Add the course to the campus master schedule if necessary.
- Adjust the course in the campus master schedule if needed.
- Confirm that the instructor is set up at the campus.
- (Optional) Create new sections in campus master schedule by copying an existing course-section.
- Add or edit section records in the campus master schedule.
- Delete a course if necessary.

## Confirm Course in District Master Schedule

### District Level

Before proceeding, confirm that any courses you wish to add to the campus master schedule exist in the district master schedule. Only courses in the district master schedule can be added to the campus master schedule.

The district master schedule can only be updated by staff who have been granted maintenance

access to this page.

- Under **Method**, select **Add new Crs/Sec and Delete Existing Crs/Sec**. This will cause the section to be deleted once all students are moved to the **New** course-section.
- Under **WD and Entry Dates**, enter the **Entry Date for New Course** for the **New** course-section.
- Select any course information that should be moved if applicable.
- Click **Execute**. A report is generated showing the results of the change.

### Delete the Course

If a course has no sections, it can be removed from the campus master schedule. If a course is not included in any campus master schedules, it can be removed from the district master schedule.

### Grade Reporting > Maintenance > Master Schedule > Campus Schedule > Course

## Selection

This tab allows you to remove a course from the campus master schedule.

The screenshot displays the 'Selection' tab interface. At the top, there are tabs for 'COURSE SELECTION', 'COURSE', 'SECTION', 'INSTRUCTOR', and 'COPY COURSE SECTION'. Below these, a 'Credit level' dropdown is set to 'High', and a 'Retrieve' button is present. The interface is divided into two main sections: 'District Courses to Add' on the left and 'Campus Courses to Delete' on the right. The 'District Courses to Add' list contains 15 courses, each with an unchecked checkbox. The 'Campus Courses to Delete' list contains 18 courses, with '1200 ENGLISH 2' selected (checked checkbox) and highlighted by a green background and a black arrow. Between the two lists are four directional buttons: a single right arrow, a double right arrow, a single left arrow (circled in black), and a double left arrow. At the bottom right, there are pagination controls: 'First', a left arrow, '1 / 6', a right arrow, and 'Last'.

Select the **Credit Level** and click **Retrieve**.

In the right grid, all courses in the current year campus master schedule are listed. Locate and select the course to be removed.

Click ← to remove the selected course. It is moved to the district master schedule list (left grid).

Click **Save**.
