# SAT0670 - Teacher Membership Roster by Control Number

## **Attendance > Reports > Attendance Reports > Audit > SAT0670 - Teacher Membership Roster by Control Number**

This report allows you to reconcile current year membership from an instructor's roster with attendance records at the end of the first and fourth six-week periods. The report is used mainly by elementary campuses. Data on this report should match data on [SAT1000 - Campus Recap Report](#) (when run for the same date).

The report consists of three parts:

- List of instructors with membership and not-in-membership counts
- List of students by instructor with eligibility code information
- A total count page with signature lines

**This report is an auditable document.** See the Student Attendance Accounting Handbook for more information.

**NOTE:** Students in GRADE-LEVEL-CODE EE can be reported with days in Bilingual/ESL if they are eligible for ADA and meet all other Bilingual Education Allotment eligibility requirements.
