## **Attendance > Reports > Attendance Reports > Membership > SAT0950 - District Attendance and Contact Hours**

This report lists current year cumulative ADA and FTE numbers for the district for each cycle. The report provides the same information as PRF7D001 - PEIMS Edit+ Report in PEIMS. The report varies from PEIMS by one-tenth in Refined ADA and FTE due to rounding. The report can also be verified against SAT0600 - Student Detail Report or SAT0900 - Campus/District Summary Report. Be sure to add results from the reports for all campuses and tracks when comparing them to the SAT0950 report.

This report is for the current year only.

- The SAT0950 cycle pages should provide the same numbers as the cycle summaries of SAT0600, SAT0900, SAT2100, and SAT2300.
- The SAT0950 summary page should provide the same results as SAT0600, SAT0900, SAT2100, and SAT2300 for rows B through I.
- The final summary report can be compared against other reports for rows B through I. The ADA and FTE rows J through P are averages of the previous six cycles, and should not be compared against totals from other reports.

An error list is created if errors are found.

Campuses that are excluded from district reporting are not included.
