# SAT1100 - District Recap Report

**_Attendance > Reports > Attendance Reports > Membership > SAT1100 - District Recap Report_**

This report provides a snapshot of enrollment and program counts for the district. When compared to the combined totals of all campuses within a district, the report indicates fewer inactive students and subsequently smaller totals. The district only counts a student once as active or inactive (e.g., moved out of the district). A campus counts a student as inactive (e.g., moved from the campus) even if he is still active at another campus in the district. Therefore, a campus may count the student inactive, while the district counts the same student active, resulting in smaller district inactive and total counts.

If no students are enrolled in a program, the count is 0.

All programs are listed on the report, even if they are not offered at the district/campus.

Campuses that are excluded from district are not included.

The Attendance report **SAT1100 - District Recap Report** will <u>not</u> include students with the following selected on Registration > Maintenance > Student Enrollment > Demo 1 > Student Indicators:

**Active Cd** is 1 and **Record Status** is < 4

**OR**

**Reporting Excl** is A: Exclude from attendance or B: Exclude from both

Report field descriptions

| Enrolled | The following are displayed: <br>• <br>Total student enrollment for the district <br>• <br>Active student total count for the district <br>• <br>Inactive student total count for the district <br>The active and inactive student counts are added together to verify the total district enrollment. <br>• <br>Total student enrollment per campus for each campus within the district <br>• <br>Active student total count for each campus <br>• <br>Inactive student total count for each campus <br>The active and inactive student counts for each campus are added together to verify the total campus enrollment. <br>The sum of the campus totals may be greater than the district totals because of student movement among campuses. |
|---|---|
| **Not in Membership (eligibility codes 0, 7, and 8)** | The total of students with eligibility code 0 for each campus is displayed. This total is not included in the campus/district totals on the report. |
| **special programs** | The following is displayed: <br>• <br>Total student enrollment for the district for each program <br>• <br>Active student total count for each program <br>• <br>Inactive student total count for each program <br>The active and inactive student counts are added together to verify the total district enrollment for each program. <br>• <br>Total student enrollment per campus for each program for each campus <br>• <br>Active student total count per campus for each program <br>• <br>Inactive student total count per campus for each program <br>The active and inactive student counts are added together to verify the total campus enrollment for each program. |

## Run the report:

| Parameter | Description |
|---|---|
| **Ending School Year (YYYY)** | Type the four-digit ending school year. For example, for the 2023-2024 school year, type 2024. |
| **As of Date (MMDDYYYY)** | Type the date, or click to select the date from a calendar. <br>Leave blank to use the last day of the school year. |
