SAT1365 - Class Attendance Roster 1

SAT1365 - Class Attendance Roster

Attendance > Reports > Attendance Reports > Rosters > SAT1365 - Class Attendance Roster

This report prints current year class attendance by instructor name or control number. It can be used to collect attendance data for attendance or grade reporting cycles.

A signature and date line is printed for certifying the attendance record.

An asterisk next to the student's name indicates that the student is excluded from attendance reporting (i.e., **Rep Excl** is set to exclude attendance (A or B) on [Registration > Maintenance > Student Enrollment > Demo 1](#)).
