- ADSY days can be held during the summer prior to or before a school year (May - August), on designated intersessional days throughout the year, or on weekends.
- Dates may not be duplicated.

A school district cannot enter ADSY information for an upcoming school year while the system still reflects the previous year. The district must first complete the Annual Student Data Rollover (ASDR) to update the system to the new school year. Once the current year is updated, ADSY data for that year can be entered into the system.
