Select the course section that will be reported and the instructor who will be participating in the Additional Days Program.

Grade Reporting > Maintenance > Master Schedule > Campus Schedule > Section

NOTE: When selecting a **Role ID** other than 047 and 087, you will not be able to save changes and will receive an error message.

NOTE: This applies when the Additional Days School Year (ADSY) Program is held at a campus other than the enrolled campus. Individual Course numbers will need to be created and crosswalked on Grade Reporting > Maintenance > Tables > TSDS Crosswalks when the ADSY Program is not held at the student's enrolled campus.

These courses, sections, and instructors need to be created at both the enrolled and Host campus.

The Course Number should be specific to each campus.

- ADSY days can be held during the summer prior to or before a school year (May - August), on designated intersessional days throughout the year, or on weekends.
- Dates may not be duplicated.

A school district cannot enter ADSY information for an upcoming school year while the system still reflects the previous year. The district must first complete the Annual Student Data Rollover (ASDR) to update the system to the new school year.
