- ADSY days can be on any day throughout the year as long as the day remains non-compulsory and does not take place on a required instructional day.
- ADSY days can be held during the summer prior to or after a school year (May - August), on designated intersessional days throughout the year, or on weekends.
- Dates may not be duplicated.

A school district cannot enter ADSY information for an upcoming school year while the system still reflects the previous year.
