Table of Contents

If you need to add a new section to a course that is already offered at the campus, you can copy an existing section of that course. Otherwise, you can add section records from scratch.

Grade Reporting > Maintenance > Master Schedule > Campus Schedule > Copy Course Section

This tab allows you to create new sections for a course by copying an existing section of that course.

INSERT SCREENSHOT

- Select the course and section from which to copy data.
- In the **Create Section** field, type the new section number(s). Separate multiple section numbers with a comma (e.g., 04,05,06).
- Click **Create**. The grid is populated with the data for the new section(s).
- Update the data for the new section(s) as needed. See online Help for assistance with the fields.
- Click **Save**.

Once a section is created, it can be updated on the Section tab as described next.

Grade Reporting > Maintenance > Master Schedule > Campus Schedule > Section

This tab allows you to create new sections of a course or edit existing sections.

INSERT SCREENSHOT

- Search for the course by course number, title, or instructor:
 - Select the field by which you want to search for courses.
 - Type all or part of the search phrase.
 - The search retrieves courses that *begin* with the characters or numbers you typed. For example, if you selected *Course Number*, type 101 to retrieve all course numbers that start with 101.
 - For *Course Number*, you must include leading zeros.
 - For instructor, begin typing the instructor's last name or control number. A drop-down list displays instructors whose last name begins with the characters you typed. Select the instructor.
 - Leave blank to retrieve all courses.
 - Click **Retrieve**.

A list of courses that meet the specified criteria is displayed in the upper grid.

If more course-sections are retrieved than can be displayed on one page, you can page through the list. Pagination is only available if more course-sections are retrieved than can be displayed on one

page. See online Help for assistance.

Note: Courses that do not have any sections (i.e., new courses) are not listed.

If the course has existing sections, the sections are listed. You can add a new section:

- Click **+Add** in the upper grid to add a section. The fields below the grid are enabled allowing you to add a section of the course.
- In the **Crs Nbr** and **Section** fields, type the course number and new section number. Add or update all other fields as needed, including meeting time data in the bottom grid. See online Help for assistance with these fields.
- Click **Save**. The new section will now be displayed in the upper grid.

If the course has no existing sections, the course cannot be retrieved using the **Retrieve** button. You must add one or more sections:

- Click **+Add** in the upper grid to add a course-section.
- In the **Crs Nbr** fields, click on the ellipsis to select the course. The course title and service ID are displayed.
- In the **Section** field, type the new section number.
- Add all other data as needed, including meeting time data in the bottom grid. See online Help for assistance with these fields.
- Click **Save**. The new course-section will now be displayed in the upper grid.

To edit an existing section, click on the spyglass in the upper grid to select the course-section. The fields below the grid are populated with existing data. Update as needed and click **Save**.
