The Final Date can be the first day of school.</p> <p>It is recommended that you keep this window as short as possible.</p> <p>NOTE: The date is very important.</p> <p>For example: If the first day of school is September 1 and you activate a student on September 2, (or any date prior to Final Date), both a No Show record and an entry record are created. The student's enrollment date for the campus, semester one courses, and special programs is changed to September 2.</p>
