

grad_plan_pgp_industry_credentials_certification

Table of Contents

Indicate a credential or certification earned by the student and the date the student completed it. If the credential or certification is internationally or nationally recognized, I or N is displayed next to the section, and International or National is displayed in parentheses after the name of the credential or certification. The information is maintained on the Credentials or Certification tab in the Origin field.

Type the date of completion in the Date field, or click to select a date.

, as established and maintained on the Maintenance > District > Tables > Credentials or Certification tab,

13. Under Accelerated Learning Plan, indicate an accelerated learning plan as established and maintained on Maintenance > District > Tables > Accelerated Learning.
