

grad_plan_pgp_industry_credentials_certification

Table of Contents

Indicate a credential or certification earned by the student and the date the student completed it. If the credential or certification is internationally or nationally recognized, I or N is displayed next to the section, and International or National is displayed in parentheses after the name of the credential or certification. The list is maintained in the **Origin** field on Maintenance > District Tables > Credentials or Certification.

Date	Type the date of completion, or click to select the date from a calendar.
