

grad_plan_pgp_industry_credentials_certification

Table of Contents

Indicate a credential or certification earned by the student and the date the student completed it.

The list is maintained in the **Origin** field on Maintenance > District Tables > Credentials or Certification.

• If the credential or certification is internationally or nationally recognized and **Origin** on Maintenance > District > Tables > Credentials or Certification is *International* or *National*, the credential or certification will display the district-defined code, selected PEIMS code, and then I (for International) or N (for National) in parentheses followed by the district-defined description. The international or national credential or certifications will be displayed on the Performance Acknowledgement tab.

• If **Origin** is blank on Maintenance > District > Tables > Credentials or Certification, the credential or certification will display the district-defined code followed by the district-defined description. The credential or certifications with no PEIMS code will not be displayed on the Performance Acknowledgement tab.

This information is used on Maintenance > Student > Individual Maintenance > PGP and prints on the Student Personal Graduation Plan (SGP1000) and AAR Multi-Year (SGR2047) reports.

Date	Type the date of completion, or click to select the date from a calendar.
