Table of Contents

This tab allows you to transfer a student from one course-section to another. You can also move course information such as grades, attendance, etc.

The old course and the new course must be in the same semester.

About gender restrictions

Gender restriction is set at the [Section](#) and [District](#) master schedule page. The program looks at the [Section](#) tab first. If a gender restriction exists on the [Section](#) tab, it checks if the student meets that restriction.

- If the student does not meet the gender restriction, the course-section cannot be added.
- If there is no gender restriction on the [Section](#) tab, the program looks for a gender restriction on the [District](#) page and validates the student's gender. If the student does not meet the gender restriction, the course-section cannot be added.
- The **Typ Rstrctn** on the [Section](#) tab indicates if you can override the restriction:
 - If *Selectable* is selected - You can override the restriction and enroll a student in the course-section.
 - If *Fixed* is selected - The course-section cannot be added if the student does not meet the restriction.

About grade restrictions

Grade restrictions are set on the [Section](#) and [Course](#) tabs at the campus level. The program looks at the [Section](#) tab first. If a grade restriction exists on the [Section](#) tab, it checks if the student meets that restriction.

- If the student does not meet the restriction, the course-section cannot be added.
- If there is no grade restriction on the [Section](#) tab, the program looks for a grade restriction on the [Course](#) tab and validates the student's grade level. If the student does not meet the grade restriction, the course-section cannot be added.
- The **Typ Rstrctn** on the [Section](#) tab indicates if you can override the restriction:
 - If *Selectable* is selected - You can override the restriction and enroll a student in the course-section.
 - If *Fixed* is selected - The course-section cannot be added if the student does not meet the restriction.
