<b>Grad Plan Use Cd</b>	Select the code indicating the academic area in which the course will appear on a student's graduation plan, if the academic area is different than what would be on the student's AAR.  This field is usually used for courses such as band or PE where the student may be required to take only one year to fulfill a particular requirement, but may take subsequent courses after the first year. For example, if a student takes Band 1, the Band 1 course fulfills his Fine Arts credit. If that student continues to Band 2, 3, and 4, these courses are not needed for Fine Arts credit, so they can be considered electives on the student's graduation plan. For Band 2, 3, and 4, set the field to <i>ELEC</i> (i.e., elective). Note that Band 2, 3, and 4 will still appear as Fine Arts courses on the student's AAR. The selected code will be set for all semesters of the course.
<b>Transferred</b>	Select if the student took the course at a different district or campus in the same school year. If selected, PEIMS will not extract the course.

If the field is blank at the campus level, the setting is determined by the <b>OnRamps</b> field on <a href="#">Maintenance &gt; Master Schedule &gt; District Schedule</a> .
