

Create or Update the Crosswalk

Table of Contents

Crosswalk Type	Select the crosswalk table for which you want to convert data.

- The selected crosswalk table is displayed. The list can be re-sorted.

  You can re-sort the grid by clicking on an underlined column heading. It will sort in ascending order. Click it again to sort in descending order.

  A triangle next to the column heading indicates the column by which the grid is currently sorted and whether it is sorted in ascending or descending order.

Crosswalk Type:

- 042 - Responsibilities – From Campus/Period to Minutes

  042 - Responsibilities – From Campus/Period to Minutes

  Use for campuses with a standard bell schedule to assign **MonthlyMinutes** based on the campus and period. Enter **Begin Time** and **End Time** on individual sections only when they do not follow the standard bell schedule.

  Monthly Minutes Logic

  MonthlyMinutes (E1057) represents the staff responsibility minutes for the four weeks preceding the PEIMS Fall snapshot date, which is the last Friday in October.

  The system determines **MonthlyMinutes** for a course section in the following order:

  1. If **Begin Time** and **End Time** are entered on the section, the system calculates the minutes using those values and the section's meeting days.
  2. If **Begin Time** and **End Time** are blank, the system searches Crosswalk **043 – Responsibilities – From Campus/Service ID to Minutes** for the section's campus and CourseCode.
  3. If the CourseCode is not found in Crosswalk 043, the system searches Crosswalk **042 – Responsibilities – From Campus/Period to Minutes**.

- 043 - Responsibilities – From Campus/Service ID to Minutes

  043 - Responsibilities – From Campus/Service ID to Minutes

  For course sections where daily subject minutes may fluctuate, such as elementary teachers whose subject times vary, use **Crosswalk 043 (Responsibilities – From Campus/Service ID to Minutes)** to assign MonthlyMinutes (E1057) based on the CourseCode.
