

registration_reports_labels_adjust_printer_settings

Table of Contents

When printing 30 labels per page, the labels must be printed to actual size. Otherwise, the labels will not print correctly.

1. From the browser toolbar, click **File**, and then select **Print**.
2. From the Print dialog box, click **Preferences** or **Properties**:
    - Click the Effects tab.
    - Under **Resizing Options**, select **Actual Size**.
3. Click **OK** to close the window.

If necessary, adjustments may need to be made to the actual printer.
