Table of Contents

Click ⋮ to select the primary language spoken by the student.

NOTE:
By default, this field is set to default to value established in **Default Home Language Cd** on Maintenance > District Profile > District Information > Control Info when a new student is added.

Once you accept the student's Home Language Survey, this field is updated according to the parent's answer to the question **What language does the child speak most of the time?**

A student cannot be LEP if his **Home Lang** and **Student Language** are both English (98).
