Table of Contents

Students who meet the criteria specified on the Reset Values utility page are listed.

- The list can be re-sorted.

  You can re-sort the grid by clicking on an underlined column heading. It will sort in ascending order. Click it again to sort in descending order.

  A triangle next to the column heading indicates the column by which the grid is currently sorted and whether it is sorted in ascending or descending order.

- If more students are retrieved than can be displayed on one page, you can page through the list.
