Click **Retrieve**.

- Existing proxies are displayed in the upper grid. The list [can be re-sorted](#).

You can re-sort the grid by clicking on an underlined column heading. It will sort in ascending order. Click it again to sort in descending order.

A triangle next to the column heading indicates the column by which the grid is currently sorted and whether it is sorted in ascending  or descending  order.

- If more proxies are retrieved than can be displayed on one page, you can [page through the list](#).

Click **+Add** in the upper grid to add a new proxy. The fields below the grid are enabled.

Proxy	Type a proxy number to identify the proxy. The number cannot be the same as an existing course number. If you have changed the course number length on Maintenance > Master Schedule > District > District Control , a crosswalk is created, and the New Proxy field will display the new zero-padded proxy number next to the old proxy number.
Title	Type a description of the proxy, up to 15 characters.
