

scheduling_msalgo_reports_body

Table of Contents

After placing the sections on the Place tab, click the Reports tab.

☐ Under **Type**:

| | |
|------------------------|---|
| Master Schedule | Select to generate the MSALGO Master Schedule report which displays information from the Place tab. This report shows all sections that have been placed and the resources available. This information should be verified before moving the MSALGO information to the Scheduling tables. |
| Tally | Select to generate the MSALGO Course Request Tally report which lists all courses, number of sections, and number of requests per grade level. |
| Conflict Chart | <p>Select to generate a report of course requests by team and grade level, a conflict chart, a seating chart, and a sections chart.</p> <p>The algorithm for the Number Students conflict chart is the sum of the number of students requesting both the course being placed and the course already placed divided by the number of times the course being placed meets multiplied by the number of times the course already placed meets.</p> $\text{SUM (\# students requesting both courses / (\# times 1st course x \# times 2nd course))}$ |
| Conflict Matrix | <p>Select to generate a report of the number of students requesting each course, and a list and count of other courses these students have also requested.</p> <p>The report does not include any courses that have 0 in the Nbr of Sec field on the Build tab.</p> <p>The report is also available as the Potential Conflict Matrix report (SCH0600).</p> |

☐ Click **Retrieve**.

- [Review, save, or print the report.](#)
