

scheduling_staff_id

Table of Contents

Do one of the following depending on whether the district uses staff IDs or social security numbers (i.e., the setting for **Student Applications Staff ID** on Registration > Maintenance > District Profile > District Information > District Maintenance > Control Info):

- If the field is still set to *SSN*, type the instructor's social security number.
- If the field is set to *Employee Number*, but the employee demographic table does not exist in the Human Resources application, type the instructor's employee number.
- If the field is set to *Employee Number*, and the employee demographic table contains employee number information, you must click to [select an instructor's employee number](#). Employees and non-employees will be available in the lookup if the employee demographic table contains values for their social security number, date of birth, and sex.

If you change a staff ID on this page, the staff ID will be changed across all applications and campuses. Principal/counselors who are also instructors will only have one staff ID.

If you have run the [Set Staff ID to Employee Number](#) utility, and an employee needs to have a temporary login (e.g., for TeacherPortal), you can assign him a temporary staff ID by selecting the **Create Temp Staff ID** field and clicking **Search**. The next available temporary staff ID (T followed by five digits) is displayed. Click the number to assign it to the employee.
