

Select IEP Goal

Table of Contents

Select IEP Goal 1

Select IEP Goal

The goal lookup displays all district-defined IEP goals.

Select a goal:

1. To search for a goal, begin typing the code or description in the **Search** field. The list is automatically filtered to display the goals with IDs or descriptions that *contain* the characters you have typed.
2. When you locate the goal you want to retrieve, click the code. The lookup closes, and the field is populated with the goal ID.

Click **Cancel** to close the lookup without selecting a goal.
