

special_ed_te_evaluation

Table of Contents

Evaluation Campus	Enter the Campus ID (up to 9 digits).
In-District Evaluation Delay Days	Displays the number of evaluation delay days automatically calculated using student attendance between the **Consent To Evaluation Received Date** and **Eligibility Evaluation Date** (Attendance > Maintenance > Student > Student Posting > By Individual). **NOTE**: This field is disabled for non-enrolled students.
Concent to Evaluation Received Date	Type the date, or click to select the date from a calendar.
Reporting Evaluation Delay Days	Enter the value used for reporting when the system-calculated value needs adjustment. Greyed out for non-enrolled students
Eligibility Evaluation Date	Type the date, or click to select the date from a calendar.
Override Reporting Evaluation Delay Days	When checked, users can manually enter a value in Reporting Evaluation Delay Days. When unchecked, the Reporting Evaluation Delay Days field should default to or mirror the system-calculated In-District Evaluation Delay Days (if applicable). Greyed out for non-enrolled students
