Table of Contents

- Save the file as a .csv file with a unique name (e.g., ASCENDERISD_CENSUS_BLOCK.csv).
- Click **Browse** to locate and select the .csv file provided by the TEA.
- Click **Import**.

Records are created in the census block table that contain the student's social security number and GEO ID.

- Click **Print Report** to view the file and any errors. The number of records updated or inserted in the census block table is also included.

NOTE:

This process also applies if you changed the address for one or several students, putting them into a different block:

- Add the student(s) to TEA spreadsheet and calculate.
- Created a new TEA .csv with only that one student (or several students).
- Import the file.
