# District Parameters

**Grade Reporting > Maintenance > Tables > District Control Table**

This tab allows you to set grade reporting options that apply to all campuses in the district.

## Update data:

Field	Description
<b>Reporting Semesters</b>	Select the number of semesters for grade reporting. The number is the maximum number that can be used throughout the district.
<b>School Year</b>	The school year to which you are logged on is displayed.
<b>Maximum Course Number Length</b>	select the maximum length for course numbers to be used throughout the district.

Click **Save**.
