EOC Conversion Table

Table of Contents

EOC Conversion Table

Grade Reporting > Maintenance > Tables > District Control Table > EOC Conversion Table

> **This tab is not used for school years 2013-2014 and later.** It is only available for prior school years and cannot be edited.
>
> This tab allowed you to maintain district EOC tables used in the EOC 15% calculations. The EOC assessment conversion format was suitable for GPA and rank calculations.
>
> Academic performance cut codes and scale scores can be obtained from the Texas Education Agency (TEA) raw score conversion tables:
>
> - State of Texas Assessments of Academic Readiness (STAAR™) Raw Score Conversion
> - State of Texas Assessments of Academic Readiness Modified (STAAR™ Modified) Raw Score Conversion Tables
> - State of Texas Assessments of Academic Readiness Alternate (STAAR™ Alternate) Raw Score Conversion Tables

View data:

Field	Description
Admin Date	Select the test administration date you want to view, where the first two digits of the date indicate the season in which the test was administered, and the next four digits are the year.
EOC Type	Select the subject you want to view.
Test Type	Select the test type you want to view.

Click **Retrieve**.

The EOC conversion table displays tests according to the criteria specified.
