# Administrative Users (District)

**Grade Reporting > Maintenance > TeacherPortal Options > District > Administrative Users**

This tab is used to set up administrative users who can view or modify instructor grade book data at any campus. You can also set up multi-campus users who can access multiple campuses as an administrator, but do not have access to all campuses in the district.

## Set up users:

A list of TeacherPortal administrative users is displayed. The list [can be re-sorted](#).

You can re-sort the grid by clicking on an underlined column heading. It will sort in ascending order. Click it again to sort in descending order.

A triangle next to the column heading indicates the column by which the grid is currently sorted and whether it is sorted in ascending  or descending  order.

<b>Search By Name</b>	To locate a specific user, begin typing the user's last name. As you begin typing, a drop-down list displays users whose name matches the characters you have typed. The drop-down list also displays the user ID. Select the user.
-----------------------	---

☐ Click **+Add** to add an administrative user.

The fields below the grid are enabled.

<b>Multi Campus User</b>	<p>Select only if the user is <u>not</u> a district-level user. The field should only be selected for a campus-level user who needs administrative access to multiple campuses.</p> <p>When a multi-campus user logs on to TeacherPortal, he will be prompted to select a campus from list of campuses he has been given access to.</p> <p>When a multi-campus user logs on to ASCENDER ParentPortal Admin, he will be able to impersonate only users at the campuses he has been given access to.
