SGR2020 - Grade Point Honor Roll

Grade Reporting > Reports > Grade Reporting Reports > Grades > SGR2020 - Grade Point Honor Roll

This report calculates student grade averages for the selected semester-cycle. The report is for the current year only.

The honor roll adjusts the student's course grades according to the honor roll table code associated with the course record or the override code in the student's grade course record. The adjustments are made according to the values set up on Maintenance > Tables > Grade Reporting Tables > Honor Roll Table. The honor roll can be based on cycle, semester, or final grades. If no corresponding value is found in the table, the program calculates the grade as a zero.

Alphabetic grades are first converted to numeric grades according to the values on Maintenance > Tables > Campus Control Options > Ranges & Conversions. Then, the grades are adjusted using the honor roll table.

Up to four honor rolls can be produced; they are based on the **Honor Roll Cutoff Levels** fields on Maintenance > Tables > Campus Control Options > H Roll & Gr Avg. The values in the fields should be set according to the points in the honor roll table.

Examples:

- If the honor roll table awards four points for grades 90-100, three points for grades 82-89, etc., the **Honor Roll Cutoff Levels** fields could be (for three honor rolls) 4.0, 3.5, 3.0, and 3.0.
- If the honor roll table awards 105 if grade=100, 104 if grade=99, and 103 if grade=98, etc., the **Honor Roll Cutoff Levels** fields could be (for three honor rolls) 90, 85, 80, and 80.

The report also uses the Exclude Citizenship Grade, Honor Roll Class Load, and the Grade Point H/R Exclude Message Print Option fields on Maintenance > Tables > Campus Control Options > H Roll & Gr Avg. The Grade Point H/R Exclude Message Print Option field works in conjunction with HRoll Cd on the course record. If HRoll Cd=N (exclude students taking this course from the honor roll), the Grade Point H/R Exclude Message Print Option is taken into consideration.

- If Grade Point H/R Exclude Message Print Option is blank, the message is "Student is ineligible for Honor Roll."
- If the code is P, no message is printed.
- If the code is N, the student is not printed.

The grade point honor roll also takes the following into consideration:

• Hroll Wgt, Hroll Table, and Hroll Cd fields in the district master schedule

Run the report:

Parameter	Description
Ending School Year (YYYY)	Type the four-digit ending school year. For example, for the 2023-2024 school year, type 2024.
Campus ID	Type the three-digit campus ID, or click to select the campus.
Type of Grade (C=Cycle, S=Semester, F=Final)	C - Run the report for cycle grades.
	S - Run the report for semester grades.
	F - Run the report for final grades.
Semester (1, 2, 3, 4)	Type the one-digit semester.
	Valid semesters are 1 and 2.
	For a four-semester campus, valid semesters are 1, 2, 3, and 4.
Cycle (1, 2, 3)	Type the one-digit cycle code.
Grading Type (E=Elem, S=Secondary, B=Both)	E - Run the report for elementary grade reporting.
	S - Run the report for secondary grade reporting.
	B - Run the report for secondary and elementary grade reporting.
Exclude Students with Failing Grades (Y, N)	Y - Exclude students with failing grades.
	N - Include students with failing grades.
Include Self Paced Courses (Y, N)	Y - Include self-paced courses.
	N - Do not include self-paced courses.
Attendance Track (Blank for All)	Type the two-digit attendance track. Leave blank to select all tracks.
