Grade Reporting > Reports > Grade Reporting Reports > Master Schedules > SGR2046 - Invalid Course Sequence Codes

This report lists invalid course sequence codes. It checks the course sequence code against the number of semesters established for the course. The report is for the current year only.

Run the report:

Parameter	Description
Campus ID (Blank for All)	Type the three-digit campus ID, or click ⋮ to select the campus. Leave blank to select all campuses in the district. **NOTE:** If you select to create the report for all campuses, any campuses excluded from district reporting (i.e., campuses that have the **Exclude from District Reporting** field selected on Registration > Maintenance > Campus Profile > Campus Information Maintenance > Control Info) are not included in the report. However, you can generate the report for an individual excluded campus by entering the campus ID.
Course Nbr (Blank for All)	Type the course number, including all leading zeros. Or, click ⋮ to select the course. Leave blank to select all courses in the district.
