# SGR2081 - Student Grade Labels

## **Grade Reporting > Reports > Grade Reporting Reports > Grades > SGR2081 - Student Grade Labels**

This report prints labels for the selected student which display courses, grades, and instructors. Labels are sorted by campus, attendance track, grade level, student last name, student first name, and student ID.

The labels are designed according to the Avery 5164 template, which is 6 labels per page, and each is 3.33" x 4".

- For a four-semester campus, the report prints a line that separates semesters 1 and 2 courses from semesters 3 and 4 courses.
- Non-graded courses are printed according to the **Incl Non-Graded Crs** field on [Maintenance > Tables > Campus Control Options > Print Options](#).
