Grade Computation and Credit Assignment

Grade Reporting > Utilities > Grade Computation and Credit Assignment

This utility calculates and assigns semester grades, final grades, and course credits for secondary grade levels. Numeric grades and pass/fail grades (i.e., report card grade type P) are calculated. Students in elementary grade levels are excluded.

Semester grade calculation

If including the exam grade, the following is used to calculate the semester average:

$$\left(\left(\text{Cycle 1} + \text{Cycle 2} + \text{Cycle 3} \right) / 3 \times \left(\text{Total Weight} - \text{Exam Weight} \right) \right) + \left(\text{Exam Grade} \times \text{Exam Weight} \right) / \text{Total Weight}$$
