# Grade Computation - Elementary

## Grade Reporting > Utilities > Grade Computation Elementary

This utility calculates and assigns semester grades and final (year-to-date cumulative) grades for elementary grade levels. Both alpha and numeric grades are calculated.

### NOTE:

- If at least one of the cycle grades is N/G, the final grade is N/G.
- The final grade is not calculated if at least one of the cycle grades is alpha (other than I or N/G) and cannot be converted; an error is written to error report.
- Exempt exams are denoted with X.
