Credit Summary

Graduation Plan > Maintenance > Student > Individual Maintenance > Credit Summary

This tab displays the student's total credits needed, credits earned, courses/credits in progress, requested/scheduled courses/credits, and planned courses/credits, and will show if the student is lacking credits for graduation in one or more subjects.

You can also change a student's graduation plan and move courses from the student's graduation plan to course requests in Scheduling.

This tab is not enabled until you retrieve a student who has a graduation plan assigned. (Graduation plans can be assigned using [Utilities > Grad Plan Assignment > By Individual](#) (or [By Group](#)).)

[Notes about course placement](#)

The program determines which subject areas to place courses under based on the following fields. If the information is not found in the first table, the program goes to the next:

- For the current and prior years:
 - **Grad Plan Use Cd** on [Grade Reporting > Maintenance > Student > Individual Maint > Grd/Crs Maint](#)
 - **Grad Plan Use** on [Grade Reporting > Maintenance > Master Schedule > Campus Schedule > Course](#)
 - **Grad Plan Use** on [Grade Reporting > Maintenance > Master Schedule > District Schedule](#)
 - **AAR Use** on [Grade Reporting > Maintenance > Student > Individual Maint > Grd/Crs Maint](#)
 - **AAR Use Cd** on [Grade Reporting > Maintenance > Master Schedule > Campus Schedule > Section](#)
 - **AAR Use** on [Grade Reporting > Maintenance > Master Schedule > District Schedule](#)
 - **Service ID** on [Grade Reporting > Maintenance > Master Schedule > District Schedule](#)
- For next year:
 - **Grad Plan Use Cd** on [Scheduling > Maintenance > Student Schedules > Course Requests](#)
 - **Grad Plan Use Cd** on [Scheduling > Maintenance > Master Schedule > Campus > Sections](#)

- **Grad Plan Use Cd** on [Scheduling > Maintenance > Master Schedule > District > Courses](#)
- **AAR Use** on [Scheduling > Maintenance > Master Schedule > Campus > Sections](#)
- **AAR Use** on [Scheduling > Maintenance > Master Schedule > District > Courses](#)
- **Service ID** on [Scheduling > Maintenance > Master Schedule > District > Courses](#)

Local service IDs that end in XXX will be accepted in the student's graduation plan. For local service IDs that end in characters other than XXX, the first five digits must match the service ID in the district course table.

----------------	---

- The student's name, current grade level, 9th grade entry date, and cohort year are displayed.
- If multiple records exist for the student due to a grade level or status change, the most recent record is displayed.

Graduation Plan	The code and description of the graduation plan currently assigned to the student are displayed.
PEIMS Grad Type	The PEIMS graduation type code and description associated with the student's plan is displayed.

Subject Area	The subjects covered by the graduation plan assigned to the student are listed.
Credits Needed	The total number of credits required for the subject area is displayed. This is the total for the plan, not the grade level.
Credits Earned	The number of credits earned by the student in the subject to date is displayed. This covers all grade levels, not just the current grade level. To avoid duplication, a course marked as a transfer on the Crs Assign tab in Grade Reporting will not be considered for credits earned if the same course already appears as a non-transfer course taken on a different campus for the same school year and semester with the same semester grade, final grade, and credit awarded.
Credits in Progress	The number of credits the student will earn in the subject if he successfully completes the courses in which he is currently enrolled is displayed. The student's current working final average is not taken into consideration.
Credits Scheduled/Requested	The number of credits the student has scheduled or requested for the upcoming school year is displayed. These courses have not yet been attempted.
Remaining Plan Credits	The number of credits included in future years of the student's graduation plan is displayed. This number takes into account any scheduled credits for the upcoming school year. For example, a 10th grade student who has successfully taken English I and English II in 9th and 10th grades respectively, and has scheduled English III for 11th grade, will have one remaining plan credit for English IV.

Credits Lacking	This field takes into account the credits earned, in progress, and scheduled/requested, and remaining plan credits, and compares them to the credits required for the plan. Any difference is indicated. If all required credits have been accounted for in the subject area, a zero is displayed. Otherwise, the number is displayed and highlighted in red.
Total	The total is displayed at the bottom of each column.

Move to Request	<p><input type="checkbox"/> Click Move to Request to move the student's graduation plan next year courses to Scheduling course requests for the upcoming school year.</p> <p>You are prompted to confirm that you want to move requests to Scheduling.</p> <p><input type="checkbox"/> Click OK.</p> <ul style="list-style-type: none"> • A student with record status 1 (<i>currently enrolled at this campus</i>) is changed to record status 2 (<i>currently enrolled at this campus, will return next year</i>). • A report is generated when the process is completed which indicates that all available courses moved, or lists any courses that did not move. <p>IMPORTANT: Once graduation plan courses are moved to course requests, all maintenance on the next year courses must occur in Scheduling. You will no longer see the graduation plan courses for the next year grade level. The data will be displayed with the credit summary information.</p>

Add/Change Plan

- ☐ Click **Add Plan** to assign a graduation plan for the student.
- ☐ Or, click **Change Plan**. If the student already has a plan assigned, the **Change Plan** button is displayed instead of the **Add Plan** button.

A window opens allowing you to add or change the student's plan.

- ☐ Under **Grad Plan**, select the plan to assign to the student.
- ☐ Click **Execute** to assign the graduation plan to the student.
- ☐ You are prompted to confirm that you want to make the change.
- ☐ Click **OK**.

The Grad Plan Assignment Summary report opens in a new window, which provides a list of graduation plan changes and default assignments that occurred as a result of assigning a graduation plan to the student(s) for the first time.

- The **Previous Grad Plan** field displays the code for the previous graduation plan, if it exists. Otherwise, the field displays "none."
- The **New Grad Plan** field displays the code for the new graduation plan.
- If any courses were added, they are listed, including the course number, course title, credits, and service ID. Otherwise, assignment exceptions will indicate why courses were not added.
- When you change a student's graduation plan, the course subject areas (i.e., grad plan use codes) are automatically reassigned in the student's graduation plan. Any courses the student has already taken, is currently taking, or is scheduled to take next year will have the grad plan use code adjusted if necessary so courses appear under the correct subject area on the graduation plan. (**NOTE:** If a course is already set to at least one applicable subject area in the new graduation plan, the course's subject area will not be changed.)
