SGP0200 - Students Lacking Credits for Graduation

Graduation Plan > Reports > SGP0200 - Students Lacking Credits for Graduation

This report allows you to print data for all students lacking credit for one or more subject, as indicated on Maintenance > Student > Individual Maintenance > Credit Summary. The program first evaluates if the student is lacking credit in at least one subject. If the student is lacking credit, the **Subjects to Print** parameter determines if the report will include all subject areas or only subjects in which the student is lacking credit.

Parameter	Description
Campus ID (Blank for All)	Type the three-digit campus ID, or click ⋮ to select the campus. Leave blank to select all campuses in the district. **NOTE:** If you select to create the report for all campuses, any campuses excluded from district reporting (i.e., campuses that have the **Exclude from District Reporting** field selected on Registration > Maintenance > Campus Profile > Campus Information Maintenance > Control Info) are not included in the report. However, you can generate the report for an individual excluded campus by entering the campus ID.
Current Grade Level (Blank for All)	Type the two-character grade level, click ⋮ to select the grade level, or leave blank to select all grade levels. Select the student's current year grade level.
Subjects to Print (L=Only Subject Areas w/ Lacking Credits, A=All Subject Areas)	If the student is lacking credit in at least one subject: *L* - Include only subjects where the student is lacking credit. *A* - Include all subjects for students are lacking credit in one or more subjects.
