Graduation Plan > Utilities > Grad Plan Assignment > By Individual

This utility assigns or changes the graduation plan for individual students, and updates the student's **Graduation Type** field on [Registration > Maintenance > Student Enrollment > Demo3](#). When a student's plan is changed, the credit summary and credit detail calculations are compared against the district-level graduation plan requirements for the new graduation plan.

- No graduation plan courses are added, changed, or deleted for students who currently have a graduation plan assigned.
- No default courses for previous grade levels are assigned to the student. Default courses are only added if they are offered at the campus and not already in progress or requested by the student.

Update data:

Field	Description
Grad Plan	Select the graduation plan you want to assign to one or more students. The description of the plan and the PEIMS graduation type description are displayed.

Click **+Add** to add a student who will be assigned the selected plan. A blank row is added to the grid.
