# **SHS0830 - Medical Condition Report**

### Health > Reports > Health Reports > Student > SHS0830 - Medical Condition Report

This report provides information about medications that must be administered, medical conditions, potential emergencies, physical restrictions, and special procedures for students.

### Run the report:

Parameter	Description
Campus ID (Blank for All)	Type the three-digit campus ID, or click <sup>‡</sup> to select the campus. Leave blank to select all campuses in the district. <b>NOTE:</b> If you select to create the report for all campuses, any campuses excluded from district reporting (i.e., campuses that have the <b>Exclude from District Reporting</b> field selected on Registration > Maintenance > Campus Profile > Campus Information Maintenance > Control Info) are not included in the report. However, you can generate the report for an individual excluded campus by entering the campus ID.
Grade Level (Blank for All)	Type the two-character grade level, click it o select the grade level, or leave blank to select all grade levels.
Control Number (Blank for All)	Type the three-digit control number (instructor ID), click to select the control number, or leave blank to select all control numbers.
Security Level (1-3, Blank for All)	Type the security level for which you want to print medical conditions, or leave blank to select all levels. Each medical condition code has a level of security. The more confidential the condition, the higher the security level. These codes are listed in the <b>Level</b> drop-down field on Maintenance > Tables > Medical Condition.
Active Code (1=Active, 2=Inactive, Blank for All)	<ol> <li>Select active students only.</li> <li>Select inactive students only.</li> <li>Blank - Select all students.</li> </ol>
Student ID (Blank for All)	Type the six-digit student ID number, including all leading zeros. Or, click to select the student. Leave blank to select all students.
First Problem/Condition Code (Blank for All)	Type the five-character medical condition code for which to run the report. These codes are maintained on Maintenance > Tables > Medical Condition.
Condition Start/End Date (MMDDYYYY)	<ul> <li>Type the date, or click I to select the date from a calendar.</li> <li>Indicate the start and end dates for the condition.</li> <li>If both are blank, all records are included.</li> <li>If only Condition Start Date is typed, the same date is used for Condition End Date.</li> </ul>

Student

Parameter	Description
Doctor Order Start/End Date (MMDDYYYY)	<ul> <li>Type the date, or click is to select the date from a calendar.</li> <li>The doctor order date range is only used if <b>Print Doctor Order</b></li> <li><b>on File</b> = Y.</li> <li>If both date range fields are blank, the report includes all records within the condition date range.</li> <li>If only <b>Doctor Order Start Date</b> is typed, the same date is used for <b>Doctor Order End Date</b>.</li> </ul>
Print Doctor Order on File (Y, N, Blank for All)	<ul> <li>Y - Print only records with a doctor's order on file (i.e., records with <b>Doctor's Orders</b> selected on Maintenance &gt; Student Health &gt; Medical Condition).</li> <li>N - Print only records that do not have a doctor's order on file.</li> <li>Blank - Print all records.</li> </ul>

Sort report data. You can sort data to make it ea	sier to review or find records in the reports. Not all reports allow this option.
In the report window, click <b>Sort</b> Sort Criteria.	t/Filter to open the Sort/Filter window. By default, the Sort Criteria section is expanded. If not, clie

	ort does not allow sorting, the <b>Filter</b> button is displayed instead of the <b>Sort/Filter</b> button, and sort criterion fields are i
available.	
Click <b>Add</b>	<b>Criterion</b> to add new filter criteria. A blank row is added to the grid.
Column	Select a field by which to filter the data. The drop down lists the columns that appear on the report.
-	r Select an operator.
	= Equals
	≠ Not equals
	<ul> <li>&gt; Greater than</li> <li>≥ Greater than or equal to</li> </ul>
	< Less than ≤ Less than or equal to
Value	Type the value by which you want to filter. For example, if you selected a date in the <b>Column</b> field, type a date to vie
	only data for a specific date.
	Note: When filtering report data by date, you must use the following formats:
	• If the date is displayed in the MM/DD/YYYY format, the filter value must be in the YYYYMMDD format.
	• If the date is displayed in the MM/YYYY format, the filter value must be in the YYYYMM format.
	• If the date is displayed in the MM/YY format, the filter value must be in the YYMM format.
Add Crite	erion Add another row.
	Select the logical connector (AND or OR) in the Logical field. Continue adding rows as needed. The Logical fi
	does not appear until you click <b>Add Criterion</b> to add an additional row.
	Using the AND operator limits search results, because the program looks only for records that contain both criterion
	criterion.
	<ul> <li>Using the OR operator expands search results, because the program looks for records that contain either or criterion or the other, or both.</li> </ul>
Delete Se	elected Delete selected row.
	Select the row, and then click the button. The row is deleted from the filter criteria.
Click <b>OK</b> to	to apply the selected filter criteria to the report.
Click <b>Canc</b>	cel to close the dialog box without applying a filter.
	ome applications allow you to filter by specific data:
NOTE: Sor	
	ores, you can filter report data to include only students who are enrolled in special programs. When filtering report dat
In Test Sco At Risk, PR	ores, you can filter report data to include only students who are enrolled in special programs. When filtering report dat RS, and GT programs, you must select 1 (Yes) or 0 (No) in the <b>Value</b> field. For example, if you filter report data for the ram by selecting <i>Equals</i> in the <b>Operator</b> field and Yes in the <b>Value</b> field, no data is displayed; however, if you select 1
