District ASDR Options

Registration > Maintenance > District Profile > Annual Student Data Rollover > District ASDR Options

This tab allows the district to set options that apply to all campuses when running Annual Student Data Rollover (ASDR).

For more information on running ASDR, refer to the [End-of-Year & Annual Student Data Rollover \(ASDR\)](#).

Update data:

When the page opens, a message is displayed indicating that you cannot run ASDR if the [Grade Averaging and Class Ranking utility](#) has not been run. This applies mainly to high school campuses, but the utility should also be run for any middle school or elementary campuses if you want those students ranked within their grade level.

- Click **Yes** to continue if you have run the Grade Averaging and Class Ranking utility.
- Click **No** if you have not run the utility. The page will be disabled, and you must run the Grade Averaging and Class Ranking utility in order to proceed.

Clear Bus Data	<p>Select if the transportation information on Registration > Maintenance > Student Enrollment (Bus Info button) for all students should be cleared in the next year student records for the entire district.</p> <p>Only bus data entered in Registration is cleared. Any fields entered in Special Education, such as special seating and wheelchair information, are not cleared.</p> <p>Most LEAs that have bus data <i>do not</i> select this field.</p>
Move Registration Student Comments	<p>Select if you want to copy the student's registration comments (i.e., Comments window on Maintenance > Student Enrollment) to the next school year. Only comments from the student's latest campus are copied.</p>
Clear NSLP Code	<p>Select if the National School Lunch Program (NSLP) code (i.e., NSLP field on Maintenance > Student Enrollment > Demo1) should be cleared for all students in the district for the next school year, except those with Economic Disadvantage code 99.</p> <p>NOTE: National School Lunch Program (NSLP) is an optional program. However, the Economic Disadvantage data is collected for TSDS PEIMS reporting (submissions 1 and 3). Campuses that do not offer NSLP to enrolled students must set the Eco Disadvan code for all students to either <i>00-Not identified as Economically Disadvantaged</i> or <i>99-Other Economic Disadvantage</i>, based on the results of a locally developed income survey form.</p>

<p>Clear Current Eligibility Code</p>	<p>Select to reset the Elig Code field to 1 (<i>eligible for full-day attendance</i>) on Maintenance > Student Enrollment > Demo1 for all students. **Move Current
Year At Risk
Records to Next
Year**

Select to move current year At Risk data to the next school year, except for data that is automatically cleared during ASDR.

Most LEAs select this field.

If the field is *not* selected, all At Risk data is cleared in the next school year.

The following **PEIMS at-risk criteria** fields on [Maintenance > Student Enrollment > At Risk](#), as well as their documentation check boxes, are *always* cleared during ASDR:

- **1. Unsatisfactory performance on readiness test (PK - 03)**
- **4. Unsatisfactory performance on assessment instrument**
- **5. Pregnant/parent**
- **6. Placed in a DAEP (TEC37.006)**
- **7. Expelled (TEC37.007)**
- **11. Is in the custody or care of the DFPS or has been referred to DFPS**
- **12. Homeless**

Withdraw Cutoff Date

You can specify a date for determining if a withdrawn student should be created in the next year records. If a date is entered, next year records are *not* created during ASDR for any student who withdrew before this date. Next year records are only created for any students who withdrew *after* this date. You may choose to use this field if you have entered a next year schedule for a student who withdrew after a specified date.

Most LEAs leave this field blank.

Because historical information is available, it may not be necessary to use the **Withdraw Cutoff Date** field for ASDR. If you need to enter a student from a prior year, such as a migrant student, you can find the student in the Historical Directory and automatically reenter him in the current year.

If a date is entered in this field, the following applies:

- If the student withdrew before the withdrawal cutoff date, he is dropped for next year even if he has a schedule.
- If **Drop Wd Stu New Sch Yr** is blank on the [Campus ASDR Options](#) tab, the program drops students whose withdrawal date is before the withdraw cutoff date.
- If **Drop Wd Stu New Sch Yr** is selected, the **Withdraw Cutoff Date** field is not used.

If a withdrawal cutoff date is *not* entered, ASDR will not drop any students based on their withdrawal date (unless **Drop Wd Stu New Sch Yr** is selected for a campus on the Campus ASDR Options tab, in which case *all* withdrawn students are dropped.)

NOTE: If **Drop Wd Stu New Sch Yr** is selected for a campus, it supersedes the **Withdraw Cutoff Date** whether or not there is a value.
