District Move Options

Registration > Maintenance > District Profile > Move to Grade Reporting > District Move Options

This tab allows the district to set options that apply to all campuses when running Move to Grade Reporting (MTGR).

For more information on running MTGR, refer to the [TxEIS Registration - Complete Move to Grade Reporting "How To" Guide](#).

Update data:

When the page opens, a message is displayed indicating that you cannot run MTGR if the Grade Averaging and Class Ranking utility has not been run. This applies mainly to high school campuses, but the utility should also be run for any middle school or elementary campuses if you want those students ranked within their grade level.

- Click **Yes** to continue if you have run the Grade Averaging and Class Ranking utility.
- Click **No** if you have *not* run the utility. The page will be disabled, and you must run the Grade Averaging and Class Ranking utility in order to proceed.

Field	Description
Clear Bus Data	Select if the transportation information on Registration > Maintenance > Student Enrollment (Bus Info button) for all students should be cleared in the next year student records for the entire district. Only bus data entered in Registration is cleared. Any fields entered in Special Education, such as special seating and wheelchair information, are not cleared. Most LEAs that have bus data <i>do not</i> select this field.
Move Registration Student Comments	Select if you want to copy the student's registration comments (i.e., Comments window on Maintenance > Student Enrollment) to the next school year. Only comments from the student's latest campus are copied.
Clear NSLP Code	Select if the National School Lunch Program (NSLP) code (i.e., NSLP field on Maintenance > Student Enrollment > Demo1) should be cleared for all students in the district for the next school year, except those with Economic Disadvantage code 99. NOTE: National School Lunch Program (NSLP) is an optional program. However, the Economic Disadvantage data is collected for TSDS PEIMS reporting (submissions 1 and 3). Campuses that do not offer NSLP to enrolled students must set the Eco Disadvan code for all students to either <i>00-Not identified as Economically Disadvantaged</i> or <i>99-Other Economic Disadvantage</i>, based on the results of a locally developed income survey form.

Field	Description

	If selected, the Elig Code field for all students is reset to <i>1-full day/full year</i> in the next school year. The student's Attribution Cd and Camp Id Resid fields on Demo1 are also cleared.																																																																																																						
	Whether selected or not, the following is true:																																																																																																						
	- For PK students promoted to KG, the Elig Code field is reset according to the Type Kindergarten field on Attendance > Maintenance > Campus > Next Year Campus Options (either <i>1-full day/full year</i> or <i>3-half day/full year</i>). - If the student's next year grade level is PK and he is not in special education, the Elig Code field is set to 2 (i.e., <i>eligible for half-day attendance</i>).
