Bilingual/ESL

Registration > Maintenance > Student Enrollment > Bil/ESL

This tab allows you to view and update information for students who participate in a bilingual or English as a second language (ESL) program.

- Emergent Bilingual (EB) students must be identified as EB, and a parental permission code is required.
- Local Program Code BPT (Bilingual Program Type) or EPT (ESL Program Type) must be added for students that are Emergent Bilingual 1, Bilingual 0, ESL 0, Alt Lang 0 and have a Parental Permission C, 7, 8.
- Students who are not EB can be enrolled in a bilingual or ESL program, and the parental permission code must reflect that the placement is for a non-EB student.

The Bil/ESL tab is not available until you retrieve a student on the [Student Enrollment](#) page. For a new student, you must enter and save all required data on [Demo1](#) before proceeding to this tab.

Funding:

- Non-EB students are not eligible for funding.
- A bilingual or ESL student who is placed in a disciplinary setting, and ESL/BIL services are not provided during that time, is not eligible for funding.
- Other students may also not be eligible for funding. See the Student Attendance Accounting Handbook, Section 6 - Bilingual/English as a Second Language (ESL) for more information.

See the [Descriptor Table Guide for Bilingual and English as a Second Language \(ESL\) Programs](#) for coding guidance from TEA.
