Gifted/Talented (G/T)

Registration > Maintenance > Student Enrollment > G/T

This tab allows you to view and update information for students who participate in a gifted/talented (G/T) program.

The G/T tab is not available until you retrieve a student on the Student Enrollment page. For a new student, you must enter and save all required data on Demo1 before proceeding to this tab.

Update data:

The student's existing G/T entry/withdrawal/reentry records are displayed. If the most recent row contains an exit date and withdrawal reason code, you can add a record.

Click **+Add** to add a record. A blank row is added to the grid.

Campus	Enter the campus ID for which the student is applying.
Entry Date	To enroll a student in the program, type the date the student entered the program. Use the MMDDYYYY format. Or, click to select the date from a calendar. If there are existing entry/withdrawal records for the student, the entry date for the new record must be after the last exit date. The student can have only one active record (i.e., a record without an exit date). The entry/exit dates for different records cannot overlap.
Exit Date	To withdraw a student from the program, type the date the student exited from the program. Use the MMDDYYYY format. Or, click to select the date from a calendar. The exit date should be the school day following the last day the student was in the program.

Reason	If you are withdrawing the student from the program, click ⋮ to select the withdrawal reason. If the student is exiting the program, select EP (*exit program*). +33 — 1. Click +33 to do a status change. • A row is added to the grid that displays the default entry date, which is the same as the withdrawal date. This ensures that you do not lose any membership days by typing the incorrect entry date for the status change. • The fields display the data from the previous row by default. 2. Modify any information that changed for the entry date. 3. Click **Save** to save the status change. -33 — If you entered a status change in error (e.g., the wrong student or wrong withdrawal or entry date), click -33 to remove the status change for the student. When you save, the exit date and exit reason are cleared, and the new row is removed from the grid. 1. Click +33 in the the second row. This creates a new row (now 3 rows). 2. Click -33 in the second row. This removes the third row. 3. Click -33 in the first row. This will remove the second row leaving one remaining. 4. Make the change and click **Save**.
Gift/Talent	Select if the student is participating in a state-approved G/T program.

The following fields are optional and are displayed below the grid.

General Intellectual Ability	Select if the student has demonstrated superior intelligence with the potential for achievement in several fields of study.
Specific Subject Matter Aptitude	Select if the student has demonstrated superior ability or potential in a specific course of study such as mathematics, science, or language arts.
Creative Productive Thinking	Select if the student has demonstrated outstanding imagination, innovation, or creative reasoning ability, including problem solving and/or creative thinking.
Leadership Ability	Select if the student has demonstrated natural ability to influence others and skills in interpersonal relationships.

Click **Save**.

Other functions and features:

	Delete a row. 1. Click  to delete a row. The row is shaded red to indicate that it will be deleted when the record is saved. You can select multiple rows to be deleted at the same time. 2. You can save edits and delete records in the same step (i.e., the changes are all committed when the record is saved).
