Registration > Maintenance > Student Enrollment > SpecEd

This tab allows you to view and update information for students who participate in a special education program.

The SpecEd tab is not available until you retrieve a student on the [Student Enrollment](#) page. For a new student, you must enter and save all required data on [Demo1](#) before proceeding to this tab.

NOTE: When you enroll a student in special education, the **Child Count Funding Code** field on [Special Education > Maintenance > Student Sp Ed Data > Current Year > Program Information](#) is automatically set to 3 (i.e., *Individuals With Disabilities Education Act (IDEA) Amendments of 2004*).

Update data:

The student’s existing special ed entry/withdrawal/reentry records are displayed. If the most recent row contains an exit date and withdrawal reason code, you can add a record.
