Registration > Maintenance > Student Enrollment > SpecEd

This tab allows you to view and update information for students who participate in a special education program.

The SpecEd tab is not available until you retrieve a student on the Student Enrollment page. For a new student, you must enter and save all required data on Demo1 before proceeding to this tab.

NOTE: When you enroll a student in special education, the **Child Count Funding Code** field on Special Education > Maintenance > Student Sp Ed Data > Current Year > Program Information is automatically set to 3 (i.e., *Individuals With Disabilities Education Act (IDEA) Amendments of 2004*).

Update data:

The student's existing special ed entry/withdrawal/reentry records are displayed. If the most recent row contains an exit date and withdrawal reason code, you can add a record.

☐ Click **+Add** to add a record.

A blank row is added to the grid.

Campus	The campus ID to which you logged on is displayed.
Entry Date	To enroll a student in the program, type the date the student entered the program. Use the MMDDYYYY format. Or, click \blacksquare to select the date from a calendar.
	If there are existing entry/withdrawal records for the student, the entry date for the new record must be after the last exit date.
	The student can have only one active record (i.e., a record without an exit date).
	The entry/exit dates for different records cannot overlap. TWEDS Data Element: SPECIAL-ED-INDICATOR-CODE (E0794) (Code table: C088) (RF Tracker & Fall Submission: EFFECTIVE-DATE (E1632))

Exit Date	To withdraw a student from the program, type the date the student exited from the program. Use the MMDDYYYY format. Or, click = to select the date from a calendar.
	The exit date should be the school day following the last day the student was in the program.
	TWEDS Data Element: SPECIAL-ED-INDICATOR-CODE (E0794) (Code table: C088)
Reason	If you are withdrawing the student from the program, click to select the withdrawal reason.
	If the student is exiting the program, select EP (exit program).
	1. Click +33 to do a status change.
	A row is added to the grid that displays the default entry date, which is the same as the withdrawal date. This ensures that you do not lose any
	membership days by typing the incorrect entry date for the status change.
	The fields display the data from the previous row by default.
	2. Modify any information that changed for the entry date.
	3. Click Save to save the status change.
	If you entered a status change in error (e.g., the wrong student or wrong
	withdrawal or entry date), click to remove the status change for the student. When you save, the exit date and exit reason are cleared, and the new row is removed from the grid.
	1. Click in the the second row. This creates a new row (now 3 rows).
	2. Click —33 in the second row. This removes the third row.
	3. Click in the first row. This will remove the second row leaving one
	remaining. 4. Make the change and click Save .

Changes to the following fields usually occur when there is a status change (withdrawal reason code 33). The new information is entered upon reentry.
