## **Registration > Maintenance > Student Enrollment > Title I**

This tab allows you to view and record information for students who receive services funded through the Elementary Secondary Education Act (ESEA) Title I program.

- If the campus participates in the Title I schoolwide program, all students' Title I indicator codes are set to 6 (i.e., *Attend Schoolwide Title I Program School*), all students enrolled at the campus are identified as schoolwide, and you do not need to indicate that any services are provided.
- If the campus participates in a targeted-assistance program, all students' Title I indicator codes are set to 7 (i.e., *Attend Title I Targeted School - Gets Services*). Only students receiving Title I services are identified, and the services they are receiving are indicated.

If the campus is a Title I schoolwide campus:

- If the student was enrolled or re-enrolled, a Title I record is automatically created and displayed.
- If the campus becomes a Title I schoolwide campus after the beginning of the school year, the Title I Code Conversion utility can be run to set all students at the campus to the Title I indicator code.
- If only one record is displayed, the record cannot be deleted.

If the campus is not a Title I schoolwide campus, and this is the first record for the student, the page is blank. You must add a record.

The Title I tab is not available until you retrieve a student on the [Student Enrollment](#) page. For a new student, you must enter and save all required data on Demo1 before proceeding to this tab.

### **Update data:**
