SRG0200 - Student Name Listing

Registration > Reports > Registration Reports > Student > SRG0200 - Student Name Listing

This report lists state ID numbers, ethnicity, and date of birth information. The data can be sorted by grade level, instructor, current year control number, or student name.

Run the report:

Parameter	Description
Ending School Year (YYYY)	Type the four-digit ending school year. For example, for the 2023-2024 school year, type 2024.
Campus ID (Blank for All)	Type the three-digit campus ID, or click  to select the campus . Leave blank to select all campuses in the district. NOTE: If you select to create the report for all campuses, any campuses excluded from district reporting (i.e., campuses that have the Exclude from District Reporting field selected on Registration > Maintenance > Campus Profile > Campus Information Maintenance > Control Info) are not included in the report. However, you can generate the report for an individual excluded campus by entering the campus ID.
Active Code (1=Active, 2=Inactive, Blank for All)	1 - Select active students only. 2 - Select inactive students only. Blank - Select all students.
Control Nbr (Blank for All)	Type the three-digit control number (instructor ID), or leave blank to select all control numbers.
Sort Order (G=Grd Lvl, =Instr, N=Cntrl Nbr, S=Stu Name, Blank=G)	G or blank - Sort by grade level. I - Sort by instructor name. N - Sort by current year control number. S - Sort by student name.
Print Student SSN (Y, N, M)	Y - Print the entire social security number. N - Print XXX-XX-XXXX for the social security number. M - Print the masked social security number (e.g., XXX-XX-1234).
Only New Students This Year (Y, N)	Y - Exclude students who have an enrollment record at the campus for a prior school year. N - Include all currently enrolled students at the campus.

Other functions and features:

Sort [Sort report data.](#)

You can sort data to make it easier to review or find records in the reports. Not all reports allow this option.

In the report window, click **Sort/Filter** to open the Sort/Filter window. By default, the **Sort Criteria** section is expanded. If not, click **Sort Criteria**.

The screenshot shows the 'Sort/Filter' window for the 'Discipline/Attendance Suspension Discrepancies' report. The window has a title bar with 'First', 'Last', 'Sort/Filter', and 'Reset' buttons. The main content area is divided into two sections: 'Sort Criteria' (expanded) and 'Filter Criteria' (collapsed). The 'Sort Criteria' section contains two grids. The left grid, 'Columns Available for Sorting', lists various fields: 'Discp Actn Date (YYYYMMDD)', 'Discrepancy ISS/OSS', 'From Date (YYYYMMDD)', 'Grd Lvl', 'Incident Number', 'Name', 'PEIMS Action Code', 'Period 00', 'Period 01', and 'Period 02'. The right grid, 'Sort Columns', shows 'Attendance Date (YYYYMMDD)' and 'Campus ID' both set to 'Ascending' order. Arrows between the grids allow moving fields from left to right (>) and right to left (<). At the bottom are 'OK' and 'Cancel' buttons.

(Left grid) Columns Available for Sorting

Click the field by which you want to sort, and then click . The field moves to the right grid. Continue moving fields to the right grid as needed.

(Right grid) Sort Columns

You can rearrange the fields to indicate the order in which you want the sort applied. Click a field name, and drag it up or down to a new location.

- In the right grid, for each field, indicate if you want that data sorted in ascending (e.g., A-Z, 0-9) or descending (e.g., Z-A, 9-0) order.
- To remove a field from the sort, select the field, and then click to move it back to the left grid.

Select the **Sort Criteria** check box and click **OK** to apply the selected sort criteria to the report.

Click **Cancel** to close the window without re-sorting.

Filter [Filter report data.](#)**Filter**

When you want to view only certain data, you may find it useful to filter the report data. You can use specific criteria to retrieve only the data that you want. Not all reports allow this option.

From the report window, click **Sort/Filter** to open the Sort/Filter window. By default, the **Sort Criteria** section is expanded. Click **Filter Criteria** to expand the **Filter Criteria** section.

If the report does not allow sorting, the **Filter** button is displayed instead of the **Sort/Filter** button, and sort criterion fields are not available.

Click **Add Criterion** to add new filter criteria. A blank row is added to the grid.

Column	Select a field by which to filter the data. The drop down lists the columns that appear on the report.
Operator	Select an operator. = Equals ≠ Not equals > Greater than ≥ Greater than or equal to < Less than ≤ Less than or equal to
Value	Type the value by which you want to filter. For example, if you selected a date in the Column field, type a date to view only data for a specific date. Note: When filtering report data by date, you must use the following formats: <ul style="list-style-type: none"> • If the date is displayed in the MM/DD/YYYY format, the filter value must be in the YYYYMMDD format. • If the date is displayed in the MM/YYYY format, the filter value must be in the YYYYMM format. • If the date is displayed in the MM/YY format, the filter value must be in the YYMM format.

Add Criterion	Add another row. Select the logical connector (AND or OR) in the Logical field. Continue adding rows as needed. The Logical field does not appear until you click Add Criterion to add an additional row. <ul style="list-style-type: none"> • Using the AND operator limits search results, because the program looks only for records that contain both criterion. • Using the OR operator expands search results, because the program looks for records that contain either one criterion or the other, or both.
Delete Selected	Delete selected row. Select the row, and then click the button. The row is deleted from the filter criteria.

Click **OK** to apply the selected filter criteria to the report.

Click **Cancel** to close the dialog box without applying a filter.

NOTE: Some applications allow you to filter by specific data:

In Test Scores, you can filter report data to include only students who are enrolled in special programs. When filtering report data for At Risk, PRS, and GT programs, you must select 1 (Yes) or 0 (No) in the **Value** field. For example, if you filter report data for the At Risk program by selecting *Equals* in the **Operator** field and Yes in the **Value** field, no data is displayed; however, if you select 1 in the **Value** field, the At Risk data is displayed.

Reset	Reset report data. Click to restore the report to the original view, removing all sorting and filtering that has been applied.
