This report provides a list of students who are missing one or more forms for the current school year. You can use the report to identify all students missing a specific form, or identify students who are missing any forms.

Before you can run the report for a specific form, the form must be set up in ASCENDER ParentPortal Admin - Form Group Management in the *Returning Student Registration* group or the *Student Data Maintenance* group. Only forms in these groups are available in the ellipsis lookup for the **Form Name** parameter.

Public Documents and New Student Enrollment forms, as well as Archived forms, are excluded.

Note that the **Submit Date** field, as displayed on the [Forms](#) tab, is used to associate a student's form with the current year.
