SRG2400 - Students Without a ParentPortal Account Report	1

SRG2400 - Students Without a ParentPortal Account Report

Registration > Reports > Registration Reports > Student > SRG2400 - Students Without a ParentPortal Account Report

This report provides a list of students who are not associated with a ParentPortal account. The list includes the student's name, ID, grade level, birth date, status, parent name, and parent email address.

Run the report:

Parameter	Description
Ending School Year (YYYY)	Type the four-digit ending school year. For example, for the 2023-2024 school year, type 2024.
Campus ID (Blank for All)	Type the three-digit campus ID, or click it o select the campus. Leave blank to select all campuses in the district.
	NOTE: If you select to create the report for all campuses, any campuses excluded from district reporting (i.e., campuses that have the Exclude from District Reporting field selected on Registration > Maintenance > Campus Profile > Campus Information Maintenance > Control Info) are not included in the report. However, you can generate the report for an individual excluded campus by entering the campus ID.
Active Code (1=Active, 2=Inactive, Blank for All)	 Select active students only. Select inactive students only.
	Blank - Select all students.

	OK Cancel
If the ren	port does not allow sorting, the Filter button is displayed instead of the Sort/Filter button, and sort criterion fields are r
available.	
Click Add	d Criterion to add new filter criteria. A blank row is added to the grid.
Column	Select a field by which to filter the data. The drop down lists the columns that appear on the report. or Select an operator.
operato	
	= Equals ≠ Not equals
	> Greater than
	≥ Greater than or equal to < Less than
	≤ Less than or equal to
Value	Type the value by which you want to filter. For example, if you selected a date in the Column field, type a date to vie only data for a specific date.
	Note: When filtering report data by date, you must use the following formats:
	• If the date is displayed in the MM/DD/YYYY format, the filter value must be in the YYYYMMDD format.
	• If the date is displayed in the MM/YYYY format, the filter value must be in the YYYYMM format.
<u> </u>	• If the date is displayed in the MM/YY format, the filter value must be in the YYMM format.
Add Crit	terion Add another row.
Add City	Select the logical connector (AND or OR) in the Logical field. Continue adding rows as needed. The Logical fi
	does not appear until you click Add Criterion to add an additional row.
	• Using the AND operator limits search results, because the program looks only for records that contain both
	criterion.
	Using the OR operator expands search results, because the program looks for records that contain either on
Dolota C	criterion or the other, or both. Selected Delete selected row.
WHETE S	Select the row, and then click the button. The row is deleted from the filter criteria.
Delete S	
	to apply the selected filter criteria to the report
	to apply the selected filter criteria to the report.
Click OK t	to apply the selected filter criteria to the report. ncel to close the dialog box without applying a filter.
Click OK t Click Can	
Click OK t Click Can NOTE: So	ncel to close the dialog box without applying a filter.
Click OK t Click Can NOTE: So In Test Sc At Risk, Pl	ncel to close the dialog box without applying a filter. Some applications allow you to filter by specific data:

Student

Reset report data. Click to restore the report to the original view, removing all sorting and filtering that has been applied.
