This report provides a report and extract for P-EBT extension of the 2021-2022 school year. The extract is used to submit the information for students that qualify for the P-EBT benefit. Districts must use the file generated using the **Preview** button and submit their file electronically via <http://www.YourTexasBenefits.com>.

**NEW for 2022-2023:** Only one file is required by TEA instead of two.

- The file should contain last year students and this year students and should use the file name convention of 123456\_2022\_S3\_File1.csv.
- Multiple files can be uploaded if needed with the designation \_File1, \_File2, \_File3, etc.
- The NEFile1 naming convention is no longer valid.

To code a student that should appear on this report to submit in the P-EBT submission, the following is required:

- **First Criteria:** Local education agencies (LEAs) will upload 2021-2022 students that were enrolled in an National School Lunch Program (NSLP) eligible campus and are economically disadvantaged ('01' or '02') or they were identified as homeless, foster care or migrant. In this file they will also load all students enrolled at a Provision 2 (P2) or Community Eligibility Provision (CEP) eligible campus during the 2021-2022 school year.
  - The district will indicate the NSLP, P2 and CEP by using the report parameters.
- **Second Criteria:** LEAs will upload students that became newly eligible for free or reduced-price meals between July 1-August 29, 2022. Newly eligible will also include any 2022-2023 new, first year participating NSLP, P2, or CEP campus with students that submitted a newly eligible qualifying application between July 1, 2022, and August 29, 2022.
  - The district must set up a new local **Program Code** called **PBT** on *Registration > Maintenance > District Profile > Local Program Codes*.
  - The campus must add the **PBT Program Code** on *Registration > Maintenance > Campus Profile > Campus Local Program Codes*.
  - Individual students must be coded with the local program code for the Fall and Spring semester separately on *Registration > Maintenance > Student Enrollment > Local Programs*.
