## Registration > Utilities > ID Change

This utility changes the student's current ID to the prior year ID. The utility is used when a student enters the district and it is determined that the student has prior year records under a different student ID.

### Update data:

You must be logged on to the current year.

|                           |   |
|---------------------------|---|
| <b>Current Student ID</b> | Type the student ID that needs to be changed. Or, click <b>Directory</b> to select the student from the <a href="#">Directory</a> . |
|---------------------------|---|

Click **Retrieve**.

|                            |  |
|----------------------------|--|
| <b>Current ID Info</b>     | The student's current year demographic data is displayed. Verify that the correct student was retrieved. |
| <b>New/Hist Student ID</b> | Type the student ID from the prior year record.  |

Click **Check Student ID** to retrieve the student.

|                         |   |
|-------------------------|---|
| <b>New/Hist ID Info</b> | The student's prior year demographic data is displayed. Verify that you retrieved the same student from the prior year. |
|-------------------------|---|

If the social security numbers (**SSN** fields) for the current and prior year records are different, select the social security number you want to use for the current year student. For example, select the check box under **Current ID Info** to use the social security number from the prior year record for the current year record.

Click **Execute**. The student ID is changed.
